JACKSONVILLE, ILLINOIS, TUESDAY, JULY 1, 1913.

PRICE THREE CENTS

CANNOT ENFORCE NEW "HEADLIGHT LAW"

JUDGE WRIGHT ISSUES ORDER RESTRAINING STATE OFFICIALS

Railroads Claim Law is Unconstitutional and That it Would Take Months of Time and Thousands of Dollars to Comply With It.

DANVILLE, Ill., June 30.—Governor Dunne, Attorney General Lucey, the Illinois railroad and warehouse commission and state attorneys in eight Illinois counties traversed by the Louisville & Nashville railroad company are restrained by an order issued today by Judge F. M. White in the United States district court, from enforcing the new "headlight law" which goes into force tomorrow, until matters contained in the railroad company's petition for an injunction can be examined into.

Judge Wright has called Judge C. C. Kohlsaat, of Chicago and Judge J. Otis Humphrey of Springfield, to sit with him Monday, July 7th, in the local federal court, in hearing the case. The new law requires that each locomotive in the state be equipped with electric headlights and provides a penalty of \$1 to \$100 for each violation.

In the petition filed by H. L. Stone of Louisville, Ky., and J. M. and C. P. Hamill, of Edwardsville, Ill., attorneys for the Louisville & Nashville an injunction is asked on two grounds:

That it would be impossible for the railroad to comply with the law before it goes into effect, the changes necessitating several months time and a large expenditure of money, and that the new law is unconstitutional because congress has the sole power to legislate concerning the equipment of locomotives engaged in interstate commerce.

Committee Organized. Springfield, Ill., June 30.—The joint legislative committee to investigate voting machines met today and organized by electing Representative Lucas I. Butts, of Peoria, chairman; and Senator Campbell of Xenia, secretary. The committee will hold its first meeting in Chicago next Monday, July 7th.

Votes \$300,000 Appropriation. Governor Dunne vetoed the bill appropriating \$300,000 out of the general fund for state and good roads for the year beginning tomorrow. The \$300,000 appropriation for state aid roads out of the general fund for the second year stands as does also the \$400,000 for each year out of the automobile fund.

Withholds Action. Governor Dunne withheld until tomorrow his action on the bill appropriating \$65,000 to defray the expenses of contests for seats in the house and senate of the forty-eighth general assembly.

It is reported that his chief objection to the bill is the amount carried in it for Harold Ickes who acted as attorney for seven Progressives at the rate of \$500 each or a total of \$3,500. Former State Senator Thomas A. Dawson acted as attorney in four contests and is beneficiary in the bill to the amount of \$2,000.

Votes Canal Appropriation. Governor Dunne vetoed the bill appropriating \$17,500, for a further investigation of the conditions of the retaining walls of the sanitary district canal at Joliet. A joint resolution providing for the appointment of a committee from both houses to make the investigation had been passed and the senate had appointed its members on the committee. In view of the veto of the appropriation the house members will not be named.

Files Restraining Bill. Barely had Governor Dunne announced that he would allow the bill appropriating \$50,000 to the Illinois and Michigan canal, to become a law without his signature, than a bill was filed in the Sangamon county court in this city asking that the state be enjoined from paying out the money. Judge Richard E. Burke of Chicago, filed the papers personally, his name appearing on the bill simply as a "taxpayer" of Illinois.

The principal point raised in the bill is that the canal is under the control of the federal government and that under the constitution the state has no right to appropriate any money whatever for the support and maintenance of the canal. The present commissioners of the Illinois and Michigan canal are: William L. Sackett, Morris; Walter M. Rosenfield, Rock Island, and Charles F. Anderson, Princeton.

LEAVE FOR THE EAST. Mrs. Marian B. Tanner, Miss Tanner and Miss Laura Tanner left Monday morning for the east. They will spend this summer at the country place of Frederick Tanner in Connecticut. This winter they will go to Philadelphia and Miss Laura Tanner will be one of the faculty of Bryn Mawr.

AUTOISTS SHOOT COW. Sunday night a party of automobilists driving along the state road shot a cow owned by Arthur Smith near Alexander. The animal was so badly injured that it had to be killed Monday morning. The shooting took place after dark and it is not known who the guilty parties are.

WILL MEET THURSDAY. The city council will meet Thursday morning to consider the petition of the board of health for a new member of the board from the third ward.

COURT APPROVES DISSOLUTION PLAN

U. S. District Court of Utah Approves Dissolution Plans for S. P. Merger

EFFECTIVE THIS WEEK

Degree Will Become Effective With Its Filing in Salt Lake City Federal Court

ENDS YEARS OF LITIGATION

ST. PAUL, Minn., June 30.—Federal Judges Walter H. Sanborn, William C. Hook and Walter I. Smith, sitting as the district court of the United States for the district of Utah, late today approved the plans agreed upon by Attorney General McReynolds and attorneys for Union Pacific railroad and the famous Union Pacific-Southern Pacific merger, known as the great Harriman combine, practically came to an end. The decree signed today will become effective with its filing in the federal court at Salt Lake City, Utah, which probably will take place next Wednesday or Thursday.

With the handing down of the final decree today, years of litigation came to an end, the first suit of the government to dissolve the merger having been filed at Salt Lake City in 1908.

The decision today came as a surprise. There was a brief hearing this morning at which the government was represented by G. Carroll Todd, special assistant to the attorney general, and the road by N. H. Loomis and H. W. Clarke. Then the court took the case under advisement, a number of times calling in the respective attorneys to question them further concerning the plan but there was no hint that a decree would be given.

Shortly before 4 o'clock Judge Sanborn, presiding, called in the respective attorneys and announced that the court had decided to enter a final decree, approving the plan as presented by the attorney general and roads counsel, with practically but one exception. This exception was the naming of Louis C. Krauthoff, of New York city, as a commissioner of the court to see to it that the letter and spirit of the plan is carried out. The court also directed him to report to it from time to time. In brief the plan which had the approval of President Wilson presented by the attorney general and counsel of the road and approved by the court provides that: The Union Pacific shall exchange \$38,000,000 of its \$125,000,000 holdings in the Southern Pacific for the Pennsylvania railroad's entire holdings in the Baltimore & Ohio—virtually an equal amount; that the remaining \$88,000,000 shall be sold to the general public through the Central Trust company of New York; that no present stockholders in the Union Pacific, continuing as such, may buy any of the Southern Pacific stock sold; that the transaction should be completed by Jan. 1, 1916, the court should direct the disposition of any Southern Pacific stock remaining unsold.

Disregards McReynolds' Desire. By the decision today the court disregarded the desire of the attorney general that final decision be withheld from the interposing of objections by interested parties to which portion of the attorney general's plan Mr. Loomis made objection at a hearing today as unfair to the road. The attorney general also had a schedule in this connection that there be publication of the plan as in the American Tobacco company case calling the attention of interested parties that objection might be made but that was also overruled by the handing down of the decree by the court.

"We deem a decree of dissolution more necessary at the present time than any other action," Judge Sanborn said after announcing the decree. The government, however, in the plan presented today and approved by the court expressly stipulates that should any illegal conditions arise from the exchange of stock, either under existing or future legislation or future interpretation by the courts of present statutes, the government would have the right "freely to assail" the arrangement.

In presenting the plan to the court today, Mr. Loomis said: "This is the third and amended plan for dissolution and I so offered it as a substitute for previous plans. It differs from the others in the provision for the sale of \$88,000,000 worth of stock through a trustee under direction of the court. It also provides a speedier method of securing the certificates of stock. The previous plans contemplated the completion of the dissolution in five years. By throwing restrictions about the use of the stock certificates this plan will make it possible to complete the dissolution in 1916."

Mr. Todd left for St. Paul, Minn., and Mr. Loomis for New York city. The decision today ends years of litigation concerning the proposed merger of the Union Pacific and Southern Pacific railroads. The plan approved by the court provides for the exchange of stock between the two companies, with the Union Pacific receiving \$38,000,000 of the Southern Pacific's holdings in the Baltimore & Ohio railroad, and the Southern Pacific receiving the remaining \$88,000,000 of its holdings in the Union Pacific. The plan also provides for the sale of the remaining \$88,000,000 of the Southern Pacific's holdings in the Union Pacific to the general public through the Central Trust company of New York. The plan was approved by the court with practically but one exception, which was the naming of Louis C. Krauthoff, of New York city, as a commissioner of the court to see to it that the letter and spirit of the plan is carried out. The court also directed him to report to it from time to time. In brief the plan which had the approval of President Wilson presented by the attorney general and counsel of the road and approved by the court provides that: The Union Pacific shall exchange \$38,000,000 of its \$125,000,000 holdings in the Southern Pacific for the Pennsylvania railroad's entire holdings in the Baltimore & Ohio—virtually an equal amount; that the remaining \$88,000,000 shall be sold to the general public through the Central Trust company of New York; that no present stockholders in the Union Pacific, continuing as such, may buy any of the Southern Pacific stock sold; that the transaction should be completed by Jan. 1, 1916, the court should direct the disposition of any Southern Pacific stock remaining unsold.

ELEVEN BOYS DROWN WHEN WALK BREAKS

BATH HOUSE WALK DROPS LITTLE FELLOWS INTO 15 FEET OF WATER

Many Are Saved and the Stronger Ones Succeeded in Reaching the Boat House—River Gives Up Eleven Bodies.

LAWRENCE, Mass., June 30.—A wooden walk leading over fifteen feet of water to the municipal bath house in the Merrimack river today gave way under the stamping feet of a crowd of impatient boys, and eleven or more of the little fellows were drowned. The boys, ranging from 9 to 15, it is said, were waiting for William B. Blythe, the bath house keeper, to open the door. No one knew tonight how many there were in the party, but it is thought that forty is a conservative estimate. The boys were jumping up and down as they shouted to Blythe to open up, when the supports sank and the walk extension dropped like a trap door, rolling the lads into the river. There is a swift current at this point drawn by the falls a quarter of a mile below and the youngsters were caught in this. Many of them could not swim. Witnesses on the river bank say that all disappeared in a flash, but a moment later there was a struggling mass on the surface. The stronger ones, who could swim, struck out bravely for the boat house and a score saved themselves. Their cries brought aid and several others were pulled ashore. Five unconscious forms were brought from the water and two of these were finally resuscitated. Efforts to restore the others were futile.

The river bed was dragged and when the work ceased late today eleven bodies had been recovered.

DR. MAYFIELD LEFT A VALUABLE LAPSED ESTATE

Net Total is Figured By Inheritance Tax Appraiser at \$109,206.26—Only Mrs. Mayfield's Share is Subject to the Tax.

P. P. Thompson who was appointed appraiser of the estate of the late Brock Mayfield in his report filed in the county court finds that the inheritance tax due the state is \$164.92 on an estate with a net value of \$109,206.26. The tax is assessed on the portion of the estate falling to the mother of the deceased, Mrs. Elizabeth Mayfield, \$36,402.08. The law of Illinois exempts \$20,000 from inheritance taxation, leaving as a taxable portion \$16,402.08, one per cent of which amounts to the sum named. The total value of Mr. Mayfield's estate was \$124,015.03. Debts, liabilities, amount to \$11,119.97, less \$3,687.80 and subtracted from this total leaves the net value already mentioned, \$109,206.26. The portion received by each of Mr. Mayfield's brothers and sisters, 1-6 of the estate or \$18,201.04, falls below the exemption sum of \$20,000.

Over half of the value of the estate is in real estate. Mr. Mayfield owned five parcels of land valued at \$32,000, \$13,230, \$5,425, \$6,400 and \$5,000 respectively. The total value of this real estate is \$62,055. The remainder of the estate consists of cash on hand in the Avera National bank, \$51,994.61. Value of household goods and chattels, \$2,524.75 and notes and accounts and interests due the estate \$7,440.67, in all, \$61,969.03.

HORSES DIE FROM INTENSE HEAT.

Frank Strawn lost a horse on one of his farms near Alexander Monday, the animal dying from the intense heat, and Saturday Frank Drury of Orleans lost a \$300 mare. Sunday afternoon William Riggs drove into Alexander to attend the funeral of Miss Rose Luby and his animal dropped dead just before he arrived in town.

PREACHES AT ALEXANDER. Dr. F. A. McCarty, district superintendent of the Methodist church, occupied the pulpit at the Alexander Methodist church Sunday morning. The quarterly conference was held at Alexander Saturday night and Mr. McCarty remained over Sunday.

Plan Distinct Departure.

Washington, June 30.—Scarcely had publicity been given to the government-approved plan for dissolution before comment was heard upon its reflection of attitude of Attorney McReynolds towards the "trusts." It was generally recognized that the plan marked a distinct departure in the dissolution of corporations under the Sherman anti-trust law. Particularly was the plan compared with the Standard Oil and Tobacco dissolution decrees.

Supporters of the administration pointed out that the plan avoided the mistakes of the former dissolution decrees in that it made it impossible for the stockholders to exert the restraint on trade forbidden to the corporation. In the Standard Oil and Tobacco decrees they said, the stockholders were left free to hold stock in the rival corporations which succeeded in the present corporation. In name and that what the effect of the corporation did before the decree the stockholders had been doing since the decree. It was declared the difficulty of the stockholders in union has not been sufficient to bring about competition of the subsidiary companies.

HOTTEST JUNE DAY RECORDED IN CHICAGO

Government Thermometer Above Weather Bureau Registered 99 Degrees

102 DEGREES ON STREET

Heat Was Not Tempered by Breeze and Lake Shore Afforded Little Relief

END HOT WAVE NOT IN SIGHT

Reports received up to late tonight showed that 74 persons died to day as result of heat wave in the central west. The heat wave which has continued uninterruptedly for six days, extended from Denver to Pittsburgh and as far north as Lake Superior. From 98 degrees at Pittsburgh the temperature through the whole middle west ranged well into the nineties. Marquette, usually cool on the shore of Lake Superior recording 92 degrees and culminating with 102 degrees in Chicago. This gave Chicago, a record for the day of being the hottest place in the United States except Tucson, Ariz., where the temperature also was 102.

Intense suffering was reported in all the large cities enveloped in the heat wave. Fatalities due to the heat were reported at Hibbing, Minn., Biwabik, Minn., Milwaukee, Racine, LaCrosse, Wis., Peoria, St. Louis, Grand Rapids, Cleveland and Chicago. In Chicago alone there were 39 deaths officially reported. Drownings, electrical storms, high winds and intense heat were the features of the weather near Duluth. Heat prostrations were beyond count.

Throughout this area hope of only slight relief is offered by weather bureau officials for Tuesday.

CHICAGO, June 30.—Forty-six persons are known to have died to day as the result of the intense heat. This number includes only the cases reported by the coroner and the police and it is expected will be increased reports of private physicians. Of these deaths, thirty-two were the direct result of heat strokes five persons committed suicide directly traceable to the heat and two deaths were of children seeking relief. This was the hottest June day recorded in this city since the establishment of the government records in 1872. Ninety nine degrees were registered by the government thermometer above the weather bureau. The government thermometer on the street level showed a temperature of 102 degrees. The heat during the night and day was not tempered by a breeze and even the lake shore which usually gives relief for a few hundred yards offered no decrease in temperature.

The record breaking heat to day was the culmination of a six day period at no time during which was the thermometer dropped below ninety degrees for more than an hour or so during the early mornings.

Up to the last twenty four hours there were more than forty known dead.

More than 100 cases of heat prostration were reported to the police to day. Hospital ambulances handled as many more and tonight all the hospitals in the city are filled with those stricken in the streets by the intense rays of the sun. Extra police crews were detailed to ambulance duty and patrol wagons as well as the regular ambulances were called into use to carry heat victims to their homes or to hospitals.

Reports from Coroner Hoffman indicated that few persons under 40 years of age had been seriously affected by the heat. The average age of those who died was 50 years, while the greatest number of those stricken on the streets appeared to be over 60 years.

Slight Drop in Temperature.

Slight relief arrived tonight when the effect of thunderstorms along the upper lake region was felt here. At 8 o'clock the temperature fell 95 to 85 degrees in a little more than an hour. A special forecast issued tonight declared distinctly that the end of the heat wave was not in sight. It will be cooler tomorrow, the forecaster declared and the humidity will be less but there is no condition to indicate any decided lowering of the temperature until there is a radical change of wind.

A new month record for heat was made during the present June. There were eight days on which the thermometer registered 90 degrees or above.

Of those committed suicide, three ended their lives by asphyxiation, after having been made ill by the heat. Seven more deaths were reported before midnight. Most of these were of persons who succumbed to the heat in the streets and died on the way to hospitals.

Several of the hospitals gave notice they were taking care of as many sufferers from the heat as they could handle.

Seven deaths and seventeen prostrations was today's record at Grand Rapids, Mich. At Peoria, Ill., four more deaths from the excessive heat and by drowning were added to the list of dead there making a total of ten since yesterday morning. Milwaukee recorded reports of thirteen deaths during the week.

SOLDIERS OF PEACE AT GETTYSBURG

ARMY OF BLUE AND GREY NOW ASSEMBLED FOR WEEK

Railroad Reports Indicate the 50,000 Mark Will be Exceeded Today—Survivors of Buford's and Wheeler's Division Hold Reception.

GETTYSBURG, Pa., June 30.—Over the field of Gettysburg, where 150,000 men in blue and grey fought with the weapons of war fifty years ago, soldiers of peace from the north and south, the east and west, trooped to the tented city where they will live in the four days of semi-centennial celebration. It was an army united in sentiment and united in fact, for the blue linked arms with the grey.

Officials of the regular army in charge of the camp tonight estimated that nearly 15,000 veterans came in during the day, bringing the total close to 40,000, probably the greatest army that ever assembled on Gettysburg field after Lee and Meade left it to glory and to history. Later reports by railroads indicate 50,000 mark will be exceeded tomorrow. Although the program of the celebration will not be taken up until tomorrow, there was a reception to-day by the survivors of Buford's division of Meade's army and Wheeler's division of Lee's. The meeting was held in the big tent set aside for the speech-making of the celebration and began fifty years to the hour from the time when the first shot preceding the battle was fired. The grey cavalymen pledged themselves to "forget" and their brothers in blue swore that the fight was over for all time.

There were several women in the tents, several former school girls, now grey haired, sang "Rally Around the Flag."

The six women who sang the battle song were among those who thronged the streets of Gettysburg after the advance guard of the southern army left it fifty years ago. On that night when Buford's men came riding into the village on the heels of Wheeler's men in grey, maidens strewn flowers along the streets, bells in the churches pealed out the news of the coming of the blue and town went wild. Of all the scores of girls who welcome the vanguard of "Meade," only half dozen could be found, and they stood white haired with tears in their eyes on a platform in the big tent and sang to the weeping soldiers in the seats below. An Illinois veteran related an incident that happened on the night "Meade entered Gettysburg." A little girl stopped his horse and said she wanted to give him a memento.

He dismounted and she pinned a little purple ribbon to his coat, asking him to wear it in the next battle and he did wear the ribbon through the battle, but never saw the girl afterwards.

"I've kept that ribbon and its back at home in Illinois," he said.

The veteran looked toward the platform to see if any of the women there had been the donor of that bit of ribbon but not one nodded in answer and he sank into his seat with a sigh.

"I guess she's with the army above," he said.

Word was received today that General John C. Black of Illinois, who is on the "military day" program Wednesday for an oration, is ill and will not be here.

POSTAL LAWS EFFECTIVE TODAY.

Effective today a mailable parcel, on which the postage is fully prepaid may be insured against loss in an amount, equivalent but not to exceed \$25 on payment of a fee of 5c and in an amount equivalent to its actual value in excess of \$25 but not to exceed \$50 on payment of a fee of ten cents in stamps such stamps to be affixed, the amount of the insurance fee to be placed on the receipt given the sender and on the coupon returned at the mailing office.

On and after today also ordinary stamps, including commemorative issues shall be valid for postage and for insurance and collect on delivery fees on fourth class mail and distinctive parcel post stamps shall be valid for all purposes for which ordinary stamps are valid. The regular issue of delivery stamps shall be valid for the collection of unpaid and short paid postage on all classes of mail.

The issuance of parcel post stamps and paid post due stamps to postmasters shall be discontinued after the present stock of the engraving bureau in hand is exhausted.

NOTICE W. C. T. U.

All past and present members are requested to meet at the residence of Miss Ennis, 604 South Main street, this morning at 10 o'clock to attend the funeral of Mrs. Craig. The deceased was the oldest member of the union.

trations at various points in Wisconsin. In Milwaukee the temperature reached its highest point at four o'clock when it touched 95. At five o'clock rain storms swept over that city and gave some relief. Heavy rain and wind storms were reported throughout northern and central Wisconsin and considerable damage is said to have been done to the crops. Light rain at St. Paul followed by a cooling breeze brought relief from the torrid wave that caused a number of deaths and many prostrations during the week.

CAUCUS APPROVES INCOME TAX SECTION

Section Will Stand as Revised by Members of Finance Committee

WILL RECONSIDER VOTE

Action of Caucus in Striking Out Amendment to be Reconsidered Today

BILL TO SENATE NEXT WEEK

WASHINGTON, June 30.—Democrats of the senate in caucus late tonight approved the income tax section of the tariff bill as revised by the majority members of the finance committee, voting, however, to strike out the amendment which would exempt mutual insurance companies from the tax.

The action of the caucus came in the midst of lively debate which had threatened to be prolonged there being wide differences in opinions expressed as to the amount of the income investigation. As approved by the caucus, the senate finance committee amendment exempting incomes of \$3,000 for single persons with \$1,000 additional for a married man or woman with a taxable income and \$300 for each minor child not to exceed two. The action of the caucus in striking out the amendment was agreed upon just before adjournment and is to be reconsidered. In the house bill mutual life companies are not exempt from the income tax and vigorous protests were made by all the great mutual life insurance to the finance committee. It was finally agreed by the committee that mutual companies not conducted for profits should have been exempted from the tax the earnings applied for the benefit of policyholders.

Senator Pomerehne tonight made the motion to strike out this amendment and it was carried by a vote of 13 to 11. Because the caucus was so slightly attended, members of the committee thought that the matter should be left to the entire membership and Senator Lewis of Illinois, who had voted for the Pomerehne resolution moved to reconsider the matter. It will be taken up tomorrow. Senator Simmons of the finance committee was elected over the quick action of the income tax question.

The prospect now is that the caucus will get through tomorrow night and the bill will be reported to the senate next week. Senator James Hamilton Lewis of Illinois submitted to the finance committee majority tonight an amendment providing general countervailing duties of the anti-dumping clause of the bill by the finance committee amendment was suggested by the Illinois Manufacturers' association. The committee has not yet considered it.

BARN ON FARM SOUTH OF PISGAH BURNS MONDAY NIGHT

Building Containing Eight Tons of New Hay Thought to Have Caught From Spontaneous Combustion.

Monday night about 8 o'clock a barn on the farm three and one-half miles southeast of Pisgah, owned by George Gibson, caught fire and burned to the ground. The farm is owned by J. R. Baker and the barn was discovered by Mrs. Baker who went out to tend to the cows. Several of the neighbors responded to appeals for help but by the time they arrived at the barn, the building was in flames and all efforts to save it proved of no avail. The barn was eight tons of new cut hay and a quantity of oats and corn which were destroyed. A carriage was also burned but the men succeeded in getting three buggies out of the building. The horses were let out in the pasture just about ten minutes before the fire was discovered. The loss is estimated at \$2,000, partly covered by insurance.

REV. L. H. DAVIS SPEAKS ON BATTLE OF GETTYSBURG

Fiftieth Anniversary of Great Struggle Remembered in Special G. A. R. Service at Westminster.

The fiftieth anniversary of the turning point of the war of the rebellion was appropriately celebrated Sunday morning at Westminster church by a service for the men of the G. A. R. Rev. L. H. Davis spoke on "The Battle of Gettysburg and Its Lessons." He took his text from Psalms, 33-12, "Blessed is that nation whose God is the Lord and the people whom he hath chosen for his own inheritance."

Although the hot weather prevented some from attending, twenty-five of the veterans of Matt Starr post heard the address, which was worthy of the great event it celebrated. The music was in keeping with the occasion. The congregation sang "Onward Christian Soldiers," Miss Ruth Leach sang "Columbia the Gem of the Ocean" and the "Battle Hymn of the Republic" aided by the congregation on the chorus. Rev. Mr. Davis, before beginning his discourse, took a few moments to explain a map of the battlefield which had been drawn in colors on the blackboard by Prof. J. H. Rayhill.

Meaning of the Celebration.
Mr. Davis spoke first of the significance of the anniversary celebration of the great battle:

It seems most fitting this week of our national independence and this week of the fiftieth anniversary of the great battle of Gettysburg and of the capture of Vicksburg, that our country should give something more than a mere passing thought to the anniversary of these great events, which had and have a great historical and moral significance to our national development and to the progress of free institutions the world over. That nation can not live long, that nation can never be truly great, that nation can not pass on to other generations the victories and achievements of the past which does not keep in sympathetic touch with the great sacrifices of the past and be most willing to repeat in thought, life and work that same spirit in the present, as an inspiration for generations yet unborn. The mere fact that the various states and the federal government will spend tens and even hundreds of thousands of dollars, it has been stated even a million in celebrating this fiftieth anniversary of the greatest battle of the great civil war, tells its own story of the value in the minds of thoughtful and patriotic men. It is expected that 50,000 veterans from the north and the south will gather and spend three days, June 1, 2 and 3, on the field made sacred by the precious blood of 43,000 patriots who gave up their lives for their country during the three days of dreadful fighting.

The Crisis of the Rebellion.
"Who can describe to the present generation the state, condition and anxiety of the country just before that victorious battle?" said the speaker. The north had been enthusiastic and hopeful, but the armies had been beaten and the people themselves seemed to be deserting their principles. It was in this crisis in the affairs of the nation that Lincoln himself was almost in despair. Said Morse, his biographer, "His eyes went deeper into their caverns and seemed to send their search farther than ever into a receding distance; the furrows sank deeper into the hollow face; a stoop at the shoulders could be seen, as if the burden of the soul had even a physical weight." Yet, this picture by Morse is not complete for in this crisis Lincoln was learning to lean upon the everlasting arms of God. This became apparent in his conversation with Gen. Sickles in the hospital at Washington the past sabbath after the battle of Gettysburg. Yes, what was needed, as the great president said, was a victory, a great victory for the northern arms.

Gen. Lee realized the situation also and dreamed of dictating terms of peace to a disheartened and defeated north.
July 1 began this most famous and most bloody fight during the three long hot days of mid-summer, those great armies struggled in a desperate battle and with no unequal valor—the confederates, fiercely assaulting, the federals stubbornly holding both historic ridges and both alike, whether attacking or defending, whether gaining or losing ground, always falling in an awful carnage of dead and wounded. It was the most determined fighting that has yet taken place in the east and the names of Cemetery Ridge, Little Round Top and Culp's Hill are written deep in blood in American memories. When the last magnificent charge of the southerners were hurled back in the afternoon of July 3, the victory was decided. The next day, July 4, Lee began to send away his trains, his wounded and prisoners.

The Significance of the Battle.
"As much as I would like to dwell upon the details of the battle of Gettysburg," the speaker said, "I must hasten to point out to you what I believe to be a historic and a moral significance of that great battle to the government and to free institutions in the making and the development of our life as a nation. Three processes have been apparent in the development of nations. Some there have been which were fashioned by the despotic oriental method, by which the stronger nation, powerful and victorious, reduced the weaker to servitude and allowed it no voice in the affairs of government. Under Rome, conquered nations were not reduced to servitude, but were incorporated into states and cities after the manner of their own national life, though still subject in the end to the power of Rome. As centuries passed men acquired a larger sense of justice and nations were conceived in which each man stood before the law equally. The founders of the United States held this lofty conception

every man free and equal before the law. But an institution existed in the south which was contrary to this principle, which belied the high doctrine of the Declaration of Independence. This was the institution of slavery which was doomed because it was contrary to the revelation of God and teaching of the Son of God.

"Thus I say, at Gettysburg, stands as it well may for the civil war in its entirety, history was against the south. The evolution of human society and of human government, a government of and for and by the people was organized. The evolution of government which gives to the individuals a voice in choosing of law, makers and ruler, was organized. But more than all, God Almighty was against the south, for God is ever on the side of justice and right, of liberty and freedom for the individual man."

HAVE FORMED PARTNERSHIP.

Arthur Vannier, assistant cashier of the Jacksonville National bank has purchased from W. D. Cody a half interest in the Rayhill china store and the business will be conducted as the Cody-Vannier China Shop. Mr. Vannier will continue his present bank position just as Mr. Cody will continue to run his grocery and feed business both will devote some attention to their new enterprise. James Pyatt will be the store manager and it is the intention to immediately increase the stocks carried and to make the "China Shop" as attractive as possible.

Mr. Cody and Mr. Vannier are both experienced and successful business men and they will no doubt develop this new line of theirs in a very satisfactory way.

COUNCIL HAS SPECIAL RATE FOR POWER FOR W-D. WELLS

Light Company Wishes to Encourage Test—Dr. Widenham Renews Offer to Take Over Wells.

The city council held a somewhat busy session Monday morning for a hot day. A communication was read from R. L. Pyatt, clerk, setting forth that in accordance with the terms of the school charter a vacancy exists in the board of education from the third ward. A communication was read from the Jacksonville Street Railway & Light Co., offering to pump water from the Widenham & Daub wells at a maximum cost of \$950 for thirty days. Dr. J. C. Widenham was present and renewed the offer he made to the council two years ago to take over the Widenham & Daub wells under certain conditions and to furnish the city with plenty of pure water. Two sidewalk ordinances were passed. F. E. Farrell was present and brought to the attention of the council the matter of surfacing rough pavements with asphalt. Some minor matters also received attention.

After the minutes had been read and approved a petition was read from residents of Chambers street asking for a sidewalk and this was referred to the board of local improvement. A communication was received from the Jacksonville Railway & Light Co., as follows and was received and placed on file. Jacksonville, Ill.

Jos. Brennan, Commissioner of Public Property, Jacksonville, Ill., Dear Sir:

We are in a position to and will furnish power to pump the Widenham-Dobbs wells for twenty-four hours a day, for thirty consecutive days, as a test to determine the quantity of water available, and for this service we will charge you our published power rates, but in event of the bill for current amounting to more than \$950 for such thirty days, our company will supply free of charge current exceeding in value said sum of \$950 to the city of Jacksonville to assist in its efforts in making this test, it being understood that said test will begin prior to August 1, 1913.

We take this opportunity of assuring you this company is willing to make every effort to co-operate with the city officials and the city of Jacksonville on this water proposition or on any other public proposition of vital importance.

The writer expects to be at your council meeting on next Monday at which time he will be very glad to give you any further information on this subject you might want.

Respectfully,
Jacksonville Railway & Light Co.
M. B. Miser,
Gen. Supt.

City Clerk Pyatt read a notice to the council to the effect that in accordance with the wording of the charter of the Jacksonville school district that a vacancy now exists in the board of education in the third ward, Dr. Clampitt having moved from the ward.

It was decided that an expert shall be hired to make a thorough examination of the pumps and other machinery at the Widenham and Daub wells.

Mr. Newman made a motion that the council proceed with the election of a successor to Dr. Clampitt. Mayor Davis and various commissioners stated that they would like to get an opinion from the city attorney and to look into the law themselves before taking action, that they did not wish to act until certain of their rights. It was then agreed to postpone action until the next meeting.

Mr. Newman said he had a letter from some residents of Center street who want gas on that street. Mr. Miser, superintendent for the light company said that he would look into the matter at once.

Mr. Newman asked about the street railway franchises which the city attorney was to have at this meeting. Mayor Davis reminded Mr. Newman that it was understood that there would be no action until the fate of the utility bill was known.

Complaint was recorded from a resident of Henry street because a ditch there was so deep that a wagon loaded with coal could not be pulled in.

An ordinance for a sidewalk on the west side of South West street from a point 70 feet south of State street to West College avenue was passed as was one for a walk on North Maudslayi street north from North street.

Dr. Widenham renewed the proposition he made the council in 1911 which was as follows and again the communication was placed on file. It was as follows:

To the Honorable, the Mayor and Commissioners of the city of Jacksonville, Jacksonville, Ill., Gentlemen:

I am authorized by parties with capital to make the following proposition to the commissioners of the city of Jacksonville for your consideration: We will reimburse the city for all improvements consisting of wells, machinery, pipe, etc., made on the Widenham land together with the cost of the land. We will complete the present pumping plant with a guarantee as to the purity and quantity of the water, furnishing free water for city buildings and fire hydrants. In return for above expenditure the city of Jacksonville is to allow us the privilege of using all street mains which are now a part of water works system. These mains to be used in connection with above mentioned plant until the expiration of a reasonable contract and franchise.

An early reply will be appreciated. J. C. Widenham.

Mr. Newman said that he understood F. E. Farrell was an advocate of retopping pavements with asphalt and that he would like to hear from him. Mr. Farrell told of the experience of Chicago where he said that the retopping of pavements

ing huge sums therefor. That it has bought and bribed union officials in breaking up strikes.

That it has had the making of congressional committees within its power.

That the association was solely responsible for the Taft tariff commission.

That congressmen were hired outright.

That a great lobby staff was maintained.

That congressmen were aided in their campaigns if favorable to the manufacturers.

That even ministers were used to defeat labor unions.

Among others Mr. Mulhall mentions the following as men of national reputation who dealt with him in his secret lobby work in congress:

Names His "Aids in Congress."

James S. Sherman, vice president, now deceased.
Senator Nelson of Minnesota.
Former Senator Foraker of Ohio.
Former Representatives James E. Tawney and J. Adam Bede of Minnesota.

J. Sloat Fassett of New York.
W. B. McKinley of Illinois.
Vreeland, W. S. Bennett, G. A. Southwick, W. H. Ryan and M. A. Driscoll of New York.

J. G. Beale of Pennsylvania.
W. H. Wilson of Illinois.

Edwin Denby and A. Dickema of Michigan.

E. P. Henshaw of Nebraska.
Jesse Overstreet of Indiana.

W. A. Calberhead of Kansas.
G. J. Foster of Vermont.

F. M. Fowler of New Jersey.
Charles E. Littlefield and J. P. Sweeney of Maine.

J. A. Sterling of Illinois.
Sidney Mudd of Maryland.

James T. Watson of Indiana, who was named as a particular agent of the manufacturers.

Representative Richard Bartholdt of Missouri.

Swager Shirley of Kentucky.
James F. Burke of Pennsylvania.

W. M. Calder of New York.
Dalzell of Pennsylvania.

Webb of North Carolina.
Dwight, Republican house "whip" from 1900 to 1911.

Former Senators Hemenway of Indiana, Aldrich of Rhode Island and N. B. Scott of West Virginia.

Former Speaker Joseph G. Cannon.

Senators Lodge of Massachusetts, Isaac Stephenson of Wisconsin.

Townsend of Michigan and Gallinger of New Hampshire.

Former Postmaster General James A. Gary, of Baltimore.

Governor W. T. Haines of Maine.
Ambassador M. A. Herrick of Ohio and Curtis Guild of Massachusetts.

Charges Many Were Rewarded.

Mr. Mulhall designated certain officials as having received financial reward for their services to the manufacturers, or for political purposes while in office. Among them he named:

James E. Watson of Indiana, Taft floor leader at the last Republican convention.

Representative McDermitt of Chicago.

John J. Jenkins of the Superior district of Wisconsin, who was chairman of the House judiciary committee.

Kittridge Haskins, formerly representative from Vermont.

Littlefield of Maine, who was named by Mr. Roosevelt to draft legislation regulating trusts.

Former Representative Harry M. Conduy of Missouri.

Harry M. Bannan of Ohio.

J. J. Gardner of New Jersey chairman of the House committee on labor from 1903 to 1911.

Ralph B. Cory.

J. H. McMichael, who is chief of pages in the house and secretary of Representative McDermitt.

Mr. Mulhall named as chief "spy" of the association in the house.

There was given a long list of men designated as lobbyists for the association, including Former Presidents J. W. Van Cleave and John W. Kirby Jr., of the National Association of Manufacturers; James A. Emery, chief of the Washington lobby; F. C. Shwedman, secretary to Van Cleave; Marshall Cushing, former secretary of the association; Mulhall himself and two newspapermen, whom Mr. Mulhall concealed behind letters used to represent their names.

Officials Who Were Fought.

There was contained also a long list of public officials whose election were fought with money and influence by the association, sometimes successfully. Among them were former Congressman Louis E. McComas of Maryland, Connolly of Massachusetts, Wilson of Pennsylvania, Kellher of Massachusetts, G. N. Haughey of Iowa, H. A. Cooper of Wisconsin, Champ Clark of Missouri, J. L. Burnett of Alabama, Parsons of New York, George E. Pearce of Maryland, Green of Massachusetts and T. D. Nichols of Pennsylvania.

Former Secretary Cushing and former President Van Cleave of the association were named by Mulhall as the men for whom he did his work as "briber, solicitor and lobbyist."

It was Mr. Van Cleave who, according to the statement, made the unsuccessful attempt to bribe Samuel Gompers and who failed in fights against John Mitchell, former president of the United Mine Workers of America, and Frank Morrison, secretary of the American Federation of Labor.

Mr. Mulhall's statement described trips he said he made into half a dozen states with money and with orders from the association to do everything in his power to elect or defeat certain candidates for office.

He named Edward Hines, whose name also came into the limelight in the senatorial investigation of the election of William Lorimer as United States senator, as an active agent in electing Jenkins of Wisconsin.

Senator Stephenson of Marinette, Wis., was called Hines' aid in the fight.

CHAMBER OF COMMERCE LUNCHEON AT DUNLAP MONDAY NIGHT

F. J. Heintz Explained Points in Tice Road Law—Cost of Good Roads Will Be Slight From Acre Standpoint—Mr. Miser Says Light Company Wants to Join in Any Movement For Jacksonville Betterment.

Another Chamber of Commerce luncheon was given Monday evening at the Dunlap and was attended by forty or more business men. Henry Frisch served acceptably as chairman. A very brief talk was made by M. B. Miser the new local superintendent for the Jacksonville Railway & Light Co. F. J. Heintz gave a clear exposition of the Tice road bill and afterward came a short general discussion. Dr. Rowe called the attention of the assembly to the need of an all night telegraph service in the city and related some of the troubles he has had in trying to get off a message after 11:30 o'clock at night. Vice-president Reeve, appointed W. J. Brady, F. J. Heintz and C. R. Knollenberg a committee to arrange for the next luncheon which will be held at Nichols park. It is probable that the members of the families of the business men will be invited to attend. The service last night was excellent.

Utility Company Wants Good Will.

Vice-president J. J. Reeve introduced Henry Frisch as chairman of the occasion and he wasted no time on preliminaries but introduced M. B. Miser who is the new superintendent of the traction company utilities. Mr. Miser has been a director of the Chamber of Commerce at Duluth and is interested in municipal affairs. He said that he was by no means a speech maker and should attempt none but that he wanted to assure the Chamber of Commerce members that the company he represents wants the good will of every Jacksonville citizen and will do all in its power to co-operate with the city in building up every possible enterprise. The sentiments which Mr. Miser expressed were vigorously applauded.

Frank J. Heintz who has made something of a study of the good roads problem made a brief talk on some of the points in the Tice good roads bill. Mr. Heintz made it clear that the Tice bill will increase the taxes of the farmers in a very insignificant way. He emphasized also the desirability of this county early taking steps to comply with the new law by the selection of a county superintendent of roads and by the selection of the roads for state aid. Prompt action will line the county up for early assistance. Some points mentioned follow:

Many Laws in One.

The new law codifies 20 or 30 laws which were on the statute books. The county superintendent is to serve for six years but is subject to removal for incompetency. He represents both the county board and the state highway commission. He superintends bridge and bridge work and any contract in excess of \$200 comes under his direction and control. The roads selected for state aid must connect the principal trading points of the county and must not be over twenty per cent of the roads within a county. There are about 132 miles of roads in this county.

Road commissioners are retained and collect money as heretofore but the people within a district may by vote reduce the number from three to one. Municipalities will now be subject to a road tax and half thereof is to be spent within the city or outside as it may direct. The road tax will be 61 cents instead of 30 cents and the rate for new roads 20 instead of 12 cents. A district or a county may issue bonds for doing desired road work. The new law means more concrete bridges, better roads and more taxes, but better market conditions.

In Morgan county 32 per cent of the property is without municipalities and 68 per cent in farms. Estimating that the state can give this county \$10,000 a year for the roads of the county the cost to the farms would be \$6,800 and to the municipalities \$3,200. Two and one-quarter cents per acre tax on farmed lands will pay the farmers part.

It has been estimated that in the course of some years the entire 132 miles of Morgan county roads could be graveled at a cost of \$660,000, one half of which would be paid by the county. This would figure out a charge of 70 cents per acre against the farm lands of the county for the entire county road system.

As it is now the farmer gets off easy in the matter of taxes by comparison with the city property owner. Here are some sample tax figures: F. J. Andrews home \$195; F. J. Heintz's home \$37,600; a business house on the square \$211. Farm land from 1900 to 1910 increased in value 123.4 per cent but taxation is like this, 88 acres belonging to Wm. Luten, \$41.95; 79 acres, John Cleary, \$33.09; 80 acres, J. Woods, \$48.30; 80 acres, J. F. Berry, \$52; 80 acres, A. L. French, \$116. The variation is on account of school taxes. It is not meant that these taxes are too low but they show the difference between country and city taxes. Yet the city man is to pay 32 per cent of the road tax and the county 68 per cent.

WOODSON WINS SUNDAY SCHOOL CONTEST.

There's Day's Service.

One hundred and seventy-five persons braved the heat Sunday morning to attend the closing of the three months' contest with Ashland Sunday school and the special "Father's Day" service at the Christian church at Woodson. The contest was judged on points given for attendance, number of Bibles in hands of pupils, the number of pupils staying for the church services, the teachers and of-

ficers present and the total number contributing.

The church was appropriately decorated for the occasion with bunting and large bunches of sunflowers.

The "Fathers' Day" feature was a success if the heads of families did turn out in less numbers than did the mothers at their special celebration a short time since. "Fathers' Day" was the title of the special service delivered by the Rev. Ira C. Smith, the pastor of the church. Music was furnished by a male quartette composed of Dr. R. R. Jones,

THIS WOMAN HAD MUCH PAIN WHEN STANDING

Tells How Lydia E. Pinkham's
Vegetable Compound made
Her a Well Woman.

Chippewa Falls, Wis.—"I have always had great confidence in Lydia E. Pinkham's Vegetable Compound as I found it very good for organic troubles and recommend it highly. I had displacement, backache and pains when standing on my feet for any length of time, when I began to take the medicine, but I am in fine health now. If I ever have those troubles again I will take Lydia E. Pinkham's Vegetable Compound." — Mrs. Ed. FERRON, 846 High St., Chippewa Falls, Wisconsin.

Providence, R. I.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound as it has done wonders for me and I would not be without it. I had organic displacement and bearing down and backache and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so I can see what it has done for me. Give me permission to publish my name and I speak of your Vegetable Compound to many of my friends." — Mrs. ABRIL LAWSON, 126 Lippitt St., Providence, R. I.

NEWS IN BRIEF.

Sangamon County Farmer Drowned.—Bert Hedrick, aged 31 years and 6 months, a farmer residing two miles south of Sherman was drowned at 12:45 o'clock Sunday afternoon in the Sangamon river, despite the heroic efforts on the part of his companion, John Bumgardner to save him.

New Head For Decatur Schools.—J. O. Engelman of La Crosse, Wis., has been employed as superintendent of the Decatur schools. His salary is to be \$3,500 a year.

Argument Over Fifty Cents Ends in Murder.—An argument over a loan of fifty cents resulted Sunday in the death of Tony Guidetta, aged 40 years, from gun shot wounds. Nick Martinis, Guidetta's life-long friend, was ordered held to the grand jury without bail by a coroner's jury.

Bloomington Boy is Drowned.—Stuart Jackson, 17 years old, son of Prof. W. T. Jackson, of Eureka, was drowned in the Mackinaw river Sunday afternoon, while assisting in saving a companion from a similar fate.

New Church for Virden.—The Slavok Catholics of Virden which number about 300 in this city, are to erect a handsome new brick church this summer. The building will be two stories high and is expected to cost about \$15,000.

Defeat Bond Issue.—The proposition to bond the city of Virden for \$45,000 to erect a new township high school building, was defeated in a special election, by a large majority, 336 to 134. The proposition was fought from all sides and was favored only by a few.

ALLEGED BRIBERY TRIALS IN DETROIT.

Detroit, Mich., June 30.—Trials in the so-called Aldermanic boodle cases in which nine members of the Detroit board of aldermen are under indictment, are scheduled to begin this week. The cases have been pending since last July, when the accused aldermen were indicted and arrested on charges of accepting bribes and conspiracy to accept a bribe for their votes and influence in the passing of a measure affecting city property transferred to the Wabash railroad.

Rumors of graft among the aldermen had been in circulation for a long time before the exposure came as a result of these rumors Mayor William B. Thompson sought the services of detectives and Andrew H. Green, a prominent manufacturer, agreed to finance the problem. After the investigation was begun, the Wabash railroad applied for the closing of a street on the grounds that it wanted to erect a warehouse and otherwise increase its shipping facilities. The application was held up in council for a time. Then suddenly the council granted the application by vote of several members who had previously opposed the measure.

Meanwhile a Burns detective, who represented himself to be land agent for the railroad, had been at work. He had entered, according to the charges, into negotiations with the secretary of the common council committee. Eventually it was decided, it is alleged, that several who had been opposing the street measure would withdraw opposition for \$100 each. Some of the aldermen, however, are said to have held out for more.

The first of the accused aldermen to be placed on trial is Thomas Glinnan, president of the council and alleged to be the boss of the boddies. Glinnan is known as "Honest Tom." He has long been prominent in Detroit politics and at the time the charges were made against him he was mentioned as a possible candidate for mayor.

FELL GREAT DISTANCE WITHOUT DANGER.

Scratches From Tree Branches Most Serious Injuries to Edwardsville Boy.

St. Louis, June 30.—Ben Jordan 17 years old, son of J. A. Jordan of Edwardsville, a steeplejack, fell 110 feet from the cross of St. Mary's Catholic church without receiving serious injuries. The boy's father and W. J. Robinson, his business partner, had been painting the steeple and placing a new cross on top. The elder Jordan was away when the boy pulled himself to the top.

The boy fell sixty feet from the top of the steeple to the top of the roof, landing on his back. He rolled down the room into the top of a tree and fell through the limbs to the ground, landing on his feet. The boy's father had forbidden him to climb the steeple.

Robinson reached the boy's side in less than a minute. The boy was conscious and tried to get up. Several women came running with a cot and sheets. The third when he struck the slate roof was heard for two blocks. Two physicians were summoned.

The job had been finished and young Jordan climbed the steeple to remove the roars. By mistake he loosened a snap holding up all the rigging. The inch board on which he sat was broken and the iron bands were bent.

Surprising Cure of Stomach Trouble

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stangle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

SERIOUS ERROR IN JACKSONVILLE

Jacksonville Citizens Will Do Well to Profit By the Following.

Many fatal cases of kidney disease have reached an incurable stage because the patient did not understand the symptoms. Even today in Jacksonville there are many residents making the same serious error. They attribute their mysterious aches and pains to overwork, or worry, perhaps, when all the time their rheumatic pains, backache and bladder irregularities are most probably due to weak and ailing kidneys. If you are ill, if your kidneys are out of order, profit by this Jacksonville resident's experience.

Miss Mary Flynn, 830 Beesley avenue, Jacksonville, Ill., says: "Doan's Kidney Pills are a splendid remedy and act just as represented. I had sharp pains in the small of my back and also had backache which showed that my kidneys were unwell. Since I used Doan's Kidney Pills, I have had none of these troubles."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

AROUND THE CIRCLE.

A Rocky Mountain atmosphere permeates the entire make-up of an artistic booklet, "Around the Circle," descriptive of a thousand mile tour through the Rockies, just issued by the passenger department, Denver & Rio Grande railroad.

This illustrated pamphlet, written by Edwin L. Sabin, a noted author, cover design by W. H. Shillock, painter of mountain scenes, and photographs by George L. Beam, a well-known landscape photographer, is perhaps the most attractive railroad publication that has appeared this season. The wonderful peaks, plains and passes are described and pictured in a most fascinating way.

SOME OFF-SIDE CHUTES

In Austria-Hungary the hyphenated states whose conscription laws are the most drastic of all of the European powers, the government has inaugurated an experiment among its army officers and men of the line. A number of boxing instructors and athletic instructors have been imported to teach the crown's defenders the art of self-defense, wrestling, distance running, etc. The army will be represented by a team in the 1914 Olympic games.

Philadelphia's "Anglo-Americans" are again attempting a revival of the British game of cricket, after a pause of nearly twenty years. On Saturday, at Haverford, Pa., the Australian team defeated the transplanted sons of old Abbon by ten wickets.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

DISSOLUTION PLAN CONTAINS NO SURPRISE

HARRIMAN STOCKS SLUMP AND WHOLE LIST FALLS.

Union Pacific Responds More Readily to Pressure—Decline of Harriman Issues Fitted in With General Tendency of Market.

(By Associated Press)

New York, June 30.—Present attention of court hearing in St. Paul of the Harriman dissolution plan was the one developing of a stock day which otherwise was featureless. The plan contained no surprises, its essential features having been known for some time but the Harriman stocks slumped and the whole list sold off on the news from St. Paul, although the market rose strongly on Saturday when it was announced that the plan had been agreed upon with the sanction of President Wilson.

The explanation given by traders of the market's action was the character of the statement made by the attorney general concerning the plan. The attorney general's intimation that he favored prohibition of the ownership of stock of one railroad by another and his request that the court approve the dissolution proposal subject to conditions which would not exempt stockholders under the plan from becoming defendants in any future suit were points used as a basis for selling stocks.

Union Pacific responded the more readily to pressure because of the extent of its rise on Saturday and the contraction of the short interest on the rise which apparently was due largely to covering. Union Pacific and Southern Pacific both sold down 3 points. The decline in the Harriman stocks fitted in with the general tendency of the market which was dull and heavy. Losses of 1 to 2 points were frequent. The release tomorrow of 215,000,000 July 1 interest and dividend money has thus far exercised little or no effect on the money market.

Lupus Worst Form of Skin Diseases

Here is a Home Treatment that Overcomes even Worst Cases.

Blood Disorders are Banished by S. S. S.

A tiny pimple spreads to the side of the face and often covers the cheeks and bridge of the nose. It is very destructive to the glands of the skin. No external treatment will overcome it, as the cause of lupus is from impurities in the blood supply. The only known method of cure is to get the blood supply under the control of S. S. S., the famous blood purifier. Its action is quite remarkable and has direct influence upon the work of small blood vessels and glands in the skin.

From the fact that S. S. S. is purely a botanical preparation it is accepted by the weakest stomach and has great tonic influence in all the digestive organs. It is certainly a wonderful blood medicine, and is prepared direct from native materials gathered by the experts of the famous Swift Laboratory. Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 182 Swift Laboratory, Atlanta, Ga. Do not allow some zealous clerk to lull you into the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all substitutes. S. S. S. is what you need.

A WOMAN TO BE PRETTY

Best Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The parasite is called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Kerb's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Send for leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

OF REAL ESTATE.

Public notice is hereby given that by virtue of an order of the county court of Morgan county, Illinois, in the case of the petition of Fred B. Henderson, administrator of the estate of Samuel Williams, deceased, vs. Samuel W. Mitcherson, Robert Lewis and the unknown heirs of Samuel Williams, deceased, entered at the June term, A. D. 1913, of said court, I will on Saturday, July 12, at 2 o'clock p. m. at the south door of the court house in Jacksonville, Morgan county, Illinois, sell at public auction the following described real estate, to-wit: A strip of ground forty (40) feet wide off of the south side of lot twenty-three (23) in Ebey's addition to Jacksonville, in the county of Morgan and of Illinois. Terms of sale:

LITERBERRY.

The largest and most enjoyable affair since the horse show to come off in our town was the fifth birthday anniversary of Master Landis Young. A number of little folks came in to observe the day with him. They certainly made a success of the affair by playing games, causing a great quantity of ice cream and cake to disappear and bringing Landis some nice presents. The children present were Donald and Orville Chapman, James A. Russell, Billie Dunlap, Mildred Underbrink, Robert Beavers, Evalde Hull, Helen Young, Mabel Henderson, Howard, Orville and Johnnie Becker, Ada Scribner, Alta Crum, Harold and Earl Petefish, Everett Obermeyer, Mary R. Thompson, Ernest Roach, Vivian Butler. Mr. Young was assisted by the Misses Annabel Crum and Stella Scribner and Mrs. Ed Lister.

Our Sunday school superintendent, Mr. S. H. Crum, of the Baptist church was well pleased Sunday morning to hear his whole staff of officers and teachers answer to the roll call while the mercury was sizzling at 90. The school was just as well pleased with the review their superintendent gave them during the session.

Last week we received word from Rev. J. G. Reed of Concord that he would observe family day at Grace chapel on Sunday, the 29th. We drove the Mitchell car down, expecting to see the church filled, but were disappointed when he saw so few present. We were always impressed by the belief that the Bend was clanish and would rally on family day with the colors flying, but it seems they are becoming thin skinned and afraid of the heat. If those who made themselves conspicuous by their absence could know how much they missed, they would mourn for days. The singing was good. Miss Lois Allen presided at the piano, playing in her animating way, encouraged the singers to do their best. Then came the sermon. It was a beautiful and powerful effort and it is a great misfortune that so few families were there to receive the benefit of it.

Our pretty little town is not able to have a brass band, but we are fortunate in having a number of musical dogs, who keep our citizens well supplied with first class music of the kind. Concerts every night from 11 until 2:30, and as free as the water in the brook.

The funeral of Mrs. Sam Fitzpatrick was held in the Christian church Sunday at 1:30 p. m., Rev. H. G. Vandervoort officiating, assisted by Rev. E. P. Gish. Interment was at Arcadia.

Mr. and Mrs. Walter Houston of Cracker's Bend drove their Maxwell car up from Waterbury Friday afternoon, making a call at Sunshine cottage.

Mrs. Thelma Holt visited with Mrs. McCarty Saturday night and attended Sunday school at the Baptist church on Sunday morning.

Mrs. Willard Young, Jr., had the misfortune to break one of her buggy wheels while joy riding Sunday evening with her little children, Landis and Eugene, and her nephew, Alfred Norman. They were lucky in passing through the accident without any injury to any of them. The boys enjoyed the horseback ride home and Mrs. Young enjoyed the walk.

Mr. and Mrs. M. O. Smith of the Bend drove up Sunday to hear the morning lecture at the Christian church by the noted gentleman, Dr. Royal J. Dye, and to eat dinner with Mrs. Smith's parents, Mr. and Mrs. Aaron Petefish.

TO DISCUSS WHITE SLAVE TRAFFIC

London, June 30.—The annual congress conducted by the International Bureau for the Suppression of the White Slave Traffic assembled here today and was formally opened with an address by the lord mayor of London. The gathering is the most representative of its kind ever held. Nearly all of the prominent nations have manifested their interest in the movement by sending delegates to the congress. The United States has sent a score of delegates and Canada is represented by a delegation of a dozen members. The sessions will continue through the greater part of the week and will be devoted to the consideration of plans to bring about uniform and stringent laws in all countries for the suppression of the traffic in girls. Later in the week the delegates are to be received at Windsor by their majesties, King George and Queen Mary.

MORTUARY

Luby.

Funeral services for Miss Rose Luby were held at the Catholic church at Alexander Sunday afternoon at 2 o'clock in charge of the pastor, Rev. Father Lucius. The funeral was one of the largest ever held in Jacksonville. The organ and both Mr. and Mrs. Anton Graef sang. Both went to the funeral on Monday morning to sing a requiem mass that was said for Miss Luby. There was an abundance of beautiful flowers which were cared for by Mrs. Jack Walsh and Miss Mary Hohman.

Interment was made in the Catholic cemetery near New Berlin and the bearers were: John, Thomas and George Robinson of this city, Frank Tracy, John Kuntie and Joseph Zellar of Alexander.

Among those from a distance to attend the services were: Mrs. Eliza Luby of Chicago, Mr. and Mrs. John Mallott and family, and William Childers of Springfield; Mr. and Mrs. J. W. Brown and Mr. and Mrs. Fred White of New Berlin; Mrs. John Anderson and family of Franklin; J. M. Sage and daughter Susie, Miss Lucy Gray, Mrs. S. B. Gray and Mrs. Gilbert Masters of this city.

David Campbell passed away at Passavant hospital Monday afternoon at 2 o'clock. He had been in failing health for a year and Friday was taken to the hospital where he underwent an operation Saturday.

David Campbell was born in Macomb August 1869 and twenty-five years ago was married to Miss Elizabeth Stevenson at Litchfield. Since their marriage and until seven months ago the family resided in Litchfield where Mr. Campbell followed the occupation of carpenter. They moved to this city seven months ago, residing on East North street. He is survived by his wife, three daughters, Mrs. Horace Stringham, Misses Ila and Katherine Campbell, one son, Byron Campbell, all of this city; one sister, Mrs. H. Clay Jones of Mt. Sterling; one brother, Peter Campbell of Camden and one half brother, John L. Campbell of Litchfield. Mr. Campbell was an expert workman and was a man held in high esteem by a wide circle of friends who respected him for his upright character.

The remains were removed to the Reynolds undertaking establishment and funeral services will be held at the Litchfield Baptist church Wednesday morning at 11 o'clock. Interment will be made in the Litchfield cemetery.

Funeral services for Mrs. Samuel Fitzpatrick were held at the Litchfield Baptist church Sunday afternoon at 1:30 o'clock, in the presence of a large gathering of relatives and friends. The services were conducted by Rev. Mr. Vandervoort.

MATRIMONIAL

Daniels-Lowden.

Warren Daniels of Litchberry and Miss Lela Lowden of Virginia, went to St. Louis Saturday morning where they were married. They returned to Litchberry Saturday afternoon and will make their home at that place. The bride is the youngest daughter of Mr. and Mrs. James Lowden of Virginia and the groom is employed in the Muray implement store at Litchberry. Their many friends will extend their best wishes.

Hoover-McCabe.

Wednesday, June 25th witnessed the consummation of a pretty college romance which, four years ago had its beginning in Ohio Wesleyan University. Under the canopy of blue skies Miriam Dow McCabe and Harold S. Hoover plighted their troth. For it was a garden wedding, the broad velvety lawn and the fine trees of the McCabe home forming the unique setting for the occasion.

Between two cedars had been constructed a rose bower. The lattice work being entirely concealed with crimson ramblers. Before this screen the marriage vows were plighted. As Miss Helen Hoover sister of the bridegroom struck the first notes of the wedding march, the little wedding procession took its way toward the rose bower, where the bridegroom and his best man, Paul Sears, of Bucyrus, O., awaited their coming.

Dr. Austin M. Courtenay officiating, an uncle of the bride, led the way. Following him came Mrs. George King Moore of Jacksonville, Ill., sister of the bride, a picture of girlish grace and beauty, in a most happy manner Dr. Courtenay pronounced the words which bound the two young lives in one, after which the bride's father offered a fervent prayer. There was a note of tender memory in this, as it was a prayer written by the bride's grandfather, Dr. L. D. McCabe, and used by him upon the many occasions when he officiated at marriages.

The bride was gown in white tulle over white silk trimmed with shadow lace, with orange blossoms wreath and veil. She carried white roses. Her only attendant was a lavender of pearls. The gift of the bridegroom, Mrs. Moore, the matron of honor, white voile trimmed with pink buds, and carried roses. The bridesmaid a charming picture as they stood before the rose bower, while a flight of doves was let loose.

After congratulations a buffet supper was served in the dining room which was decorated for the occasion in wild roses and maiden-hair ferns. The library was decorated in fleur de lis, the front parlor in white roses and daisies, the back parlor in pink roses and peonies. The wide vine shaded porch was sweet with the odor of honey-suckles and here as elsewhere, were great jars of bloom and of "green things growing."

The bride is the second daughter.

of Rev. and Mrs. John Jay McCabe (and grand-daughter of Prof. L. D. McCabe one of the founders of Ohio Wesleyan University, for more than fifty years a member of its faculty and a part of that time as its president. His wife is still living and is widely known as was her honored husband as she has been a leader in most of the religious and philanthropic movements of her day and is a type of cultured and gracious womanhood.

The bride finished her course of study at O. W. U. with the class of 1913. She has been known as one of the most beautiful and popular of the younger set in Delaware and in addition to her fine scholarship is skilled in all housewifely arts.

The bridegroom graduated from the same institution with the class of 1912. His course was marked by thorough scholarship and a natural bent for writing. He is a young man of the highest character and ideals and is recognized as a rising man. He is in the newspaper field, being a member of the editorial staff of the Canton Repository. He and his young wife will make their home in Canton at 1239 Woodlawn avenue.

Brown-Bridges.

Charles A. Brown and Miss Armeta Bridges both of Waverly were married there Saturday by Squire A. L. Meacham. The groom is a farmer and they will live on a farm.

Thompson-Bridgeman.

Stephen R. Thompson of Carrollton and Miss Bessie T. Bridgeman of Jacksonville were married by Rev. W. L. Dorgan Saturday. The groom is a machinist and is employed at Carrollton.

PAUL P. THOMPSON HAS MOVED TO AYERS BANK BUILDING

City Attorney Has Convenient Suite on Seventh Floor—Hot Weather Hastened Moving Plans.

For a number of weeks City Attorney P. P. Thompson has been considering changing his office to the Ayers National Bank building and the extreme heat of recent days hurried up his decision and yesterday he was busy moving his office fixtures and law books into the new building. Mr. Thompson will have suite 705 which is so located that he will have convenient and well lighted rooms and all the air there is stirring from any direction.

Mr. Thompson is one of the younger members of the Morgan county bar who has established himself rapidly in legal practice. During the present term of court he has appeared frequently both in his private practice and in city cases and his record has been extremely creditable. In his new offices the arrangement for his work is especially convenient and the solid comfort which comes from working where it is cool already appeals to him even after a day's occupancy.
